

RECOMMENDATION LETTER

CLUB DE MAR RADAZUL

SAILOR

[David Alejandro Pérez](#) started sailing regularly at Club de Mar Radazul (www.clubmradazul.com) when he was 7 years old, and has been training and participating continuously since then in every kind of activities and events of the sailing world.

He is characterized by discipline and exemplary attendance. He sailed from 2006 to 2013 in the International Children's Optimist class, and in September 2013 he began on Laser 4.7 class practices.

SPORT RESULTS

David has been the only sailorman in Club de Mar Radazul who has been classified in the same year (2013) for the Cup of Spain and for the Spanish National Championship, having in mind the hard conditions of the Canary Island sea, place of great nautical tradition and where several Olympic champions are from. These results made him, undoubtedly, the Best Optimist Sailor in the Club's history.

In May 2014, he was the Champion of the Spanish Laser 4.7 Cup in the children category. In June 2014, he finished in the Fourth Place of Spanish Laser 4.7 Children Championship.

In July 2014 he participated in the Laser 4.7, European Championship in Moss, Norway. He finished in the Golden group, in TOP TEN, rank 9th boys U16.
